**Take your Dancing to an
Exciting New Level**

Showcase: "Dance Like a Star"

A Glamours semi annual function staged in club in May & at a lovely local venue in November . Showcase is an extremely popular way of fast tracking 2 or 3 dances, of your choice, by working towards fun, non threatening Freestyle performances.

Freestyle dancing consists of a teacher and student, or an amateur couple, performing an enhanced grouping of patterns. One uses their program lessons and works a few lessons towards performance at the event.

Audition - An opportunity for new students, singles and couples, to see if Showcase is a fit for them. You will dance a Freestyle or two of your choice. Feedback is given by the Showcase Adjudicator and Teacher.

Formations are Specially Choreographed synchronized dance routines designed by a teacher to expand the performers *technical knowledge, confidence, musicality and showmanship* in the dance showcased. An additional enrollment of lessons is required.

Spotlight and Performance Program routines are choreographed to the music & dance style of the clients choice. An additional enrollment of lessons is required for the learning of the choreography and to bring the material danced to a high level of Style and Technique for the Performance.

Solo Exhibitions are Specially Choreographed dance routines designed by the teacher to expand the performers *technical knowledge, confidence, musicality and showmanship* in the dance of choice. An additional enrollment of lessons is required.

***All participants are given feedback from a visiting
Dance Master / Adjudicator.***
